

Deadlines for Consideration of Chartering

The Letter of Intent, Alcohol and Drug Policy Acknowledgement form and Membership list may be submitted at any time during the term.

1. The Letter of Intent and Alcohol and Drug Policy Acknowledgement Form must be submitted simultaneously.
2. After the submission of the The Letter of Intent and Alcohol and Drug Policy Acknowledgement Form an organization may be granted “pending status” – and may be allowed to reserve campus space, publicize and hold meetings, and establish bank and Cyberbuzz accounts, but may not host events.
3. Pending status will continue for a period of four months from the date of submission of the The Letter of Intent and Alcohol and Drug Policy Acknowledgement Form.
 - Organizations that submit their membership lists, constitutions, bylaws (if required), and board or council letters (if required) within this period will have their pending status extended until such time as their charter request is approved or denied.
 - Organizations that fail to submit these forms, will be deemed inactive, have their pending status revoked, and must restart the chartering process.
